- Rescheduling Matches
 - Call (843-681-3626) or visit the Pro Shop to reschedule a Bocce League Match – editing a Bocce League Match can only be done by the Pro Shop Staff. This is the preferred method for rescheduling league matches. (You can edit your own reserved court times under My Reservations)
 - View court availability over the next seven days on Court Reserve. Ask the Pro Shop regarding availability beyond seven days. (trying to gain longer visibility online)

- DO NOT schedule a new League Match as Bocce Court Time and leave the original match scheduled on Court Reserve. Rescheduling your own League Match is an alternative but is not preferred since the court for the originally scheduled match remains reserved unless you cancel it. You can cancel/delete a Bocce League Match through My Reservations except within 24 hours. Court availability is very limited so you MUST cancel a reservation that you will not be using as soon as possible.
- Teams unable to attend a scheduled match must notify the opposing team. A request to reschedule is preferred over forfeits since the spirit of our league is fun and the number of matches in a season is limited.
